21 October 2022

It is with sadness that I write to inform the Association that my father Franciso Javier Martinez better known as **Javier Martinez** passed away peacefully on 14 October 2022 at the Lister Hospital after suffering a stroke.

Dad will be so very missed by all the family as he played such a big part in our lives. At 94 he was still living in his own home and was blessed to have such good support from family and friends. He was certainly a character with a good sense of humour and we will always treasure his memory. Dad had so much pleasure attending the Reunions with the Association along with his brothers.

Dad is now at peace and reunited with both his brothers Jose Mari Martinez (Coque) who passed away in 2009 and Tirso Martinez who passed away in 2011 as well as our beloved mother Josefa (Pepi) Martinez who passed away in December 2011.

Dads funeral will be Cremation at the Vale Crematorium, Luton on Tuesday 8 November at 11.00 am followed by light refreshment at Putteridge Bury, Luton.

With warm regards

Marie Impey (Javier's daughter)
